

THE MALEO PROJECT

VISION

A church for every community among the unreached language groups of Sulawesi Indonesia. Please contact us for more details.

The Maleo bird is an endangered species found only in Central Sulawesi, Indonesia. While the Maleo bird faces extinction, several language groups in the same region face eternity without having heard the gospel. Biblical Ministries Worldwide seeks 20 couples or individuals to serve in the land of the Maleo.

STRATEGY

To partner with Indonesian churches, planting churches in unreached language groups.

- Recruiting of missionaries will be accomplished through survey trips to help people catch the vision and share the need
- Missionaries will be equipped for cross-cultural/language ministry by training at Radius International
- Missionaries must master both the Indonesian language and the local language
- Each unreached language group will be served by a team made up of BMW and Indonesian personnel
- Oral and written Bible translation into the local language will support the church planting ministry

MISSION

To plant reproducing churches through:

- Creating literacy, evangelism, and discipleship resources in the local language
- Creation-to-Christ evangelism in the local language
- Bible translation
- Training Nationals
